

How to set up a Google apps account using UCI Google apps

Disclaimer: Although I have used the following steps to set up my own google apps account, the procedure may be different for students.

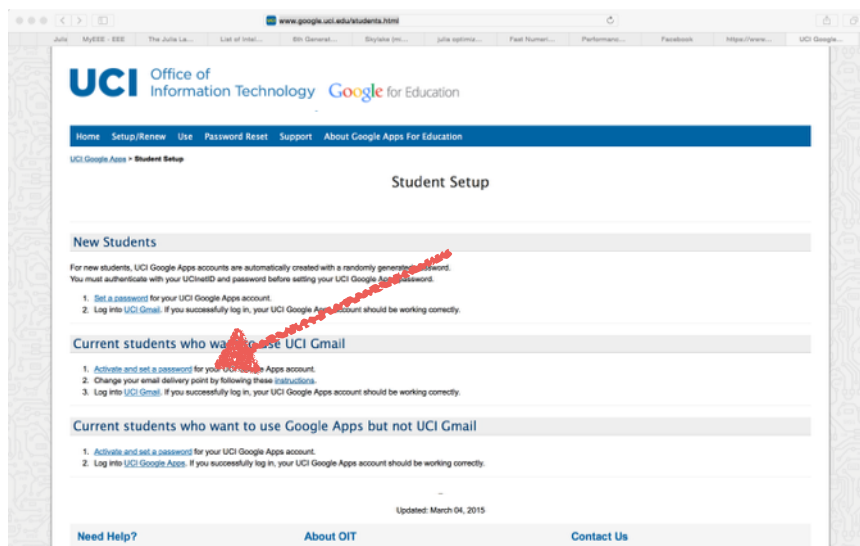

First, go to

<http://www.google.uci.edu>

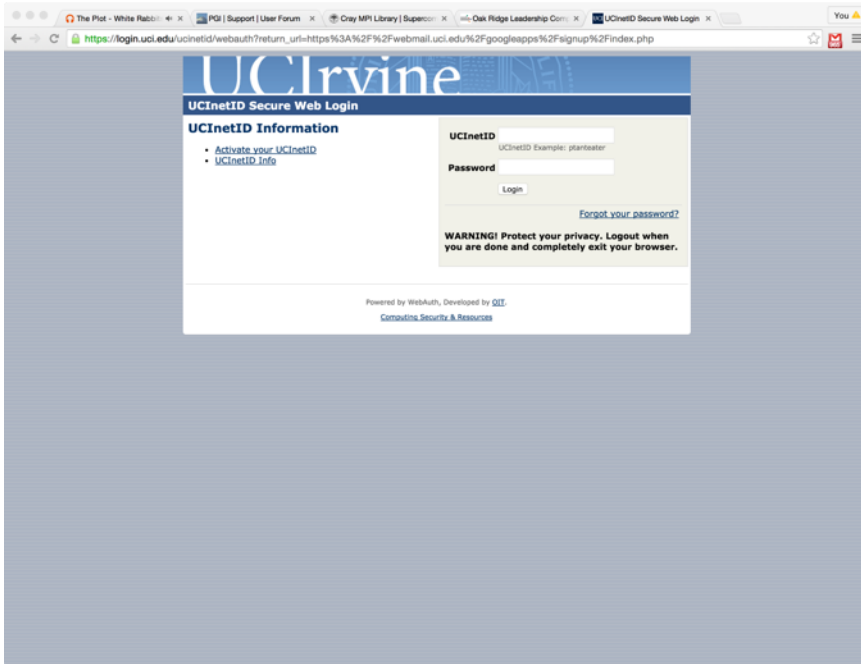

you should see something like this:

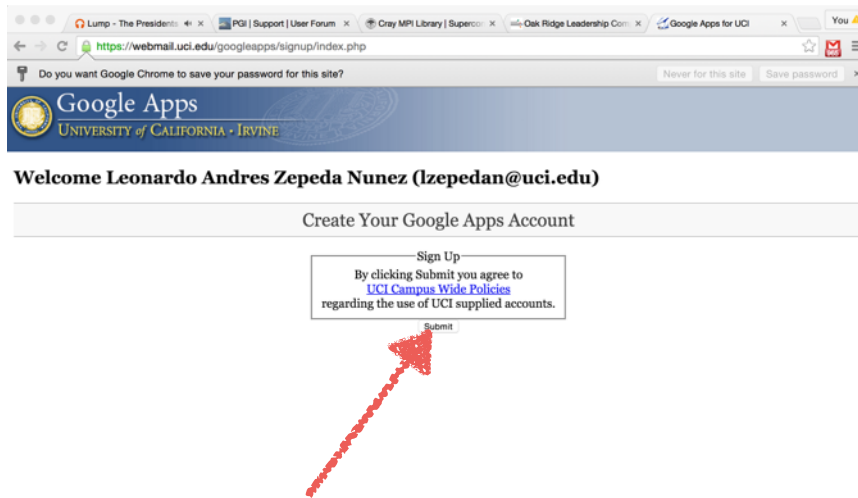

then click on Set up/ Renew Students;

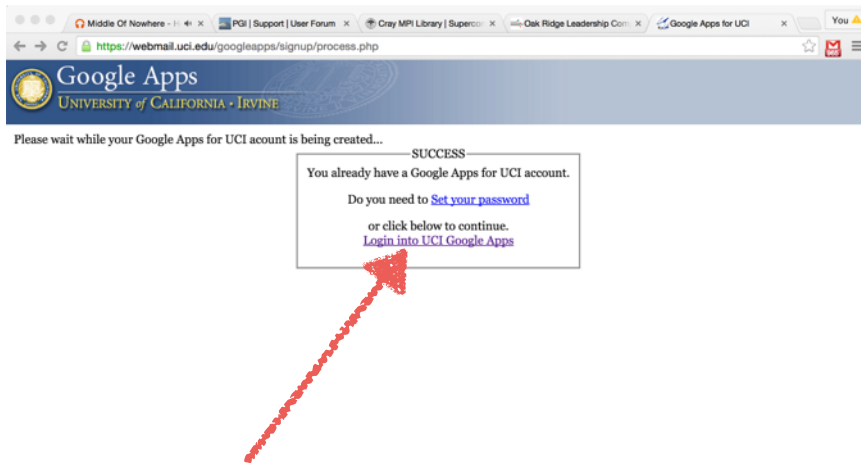

click on activate set a password.

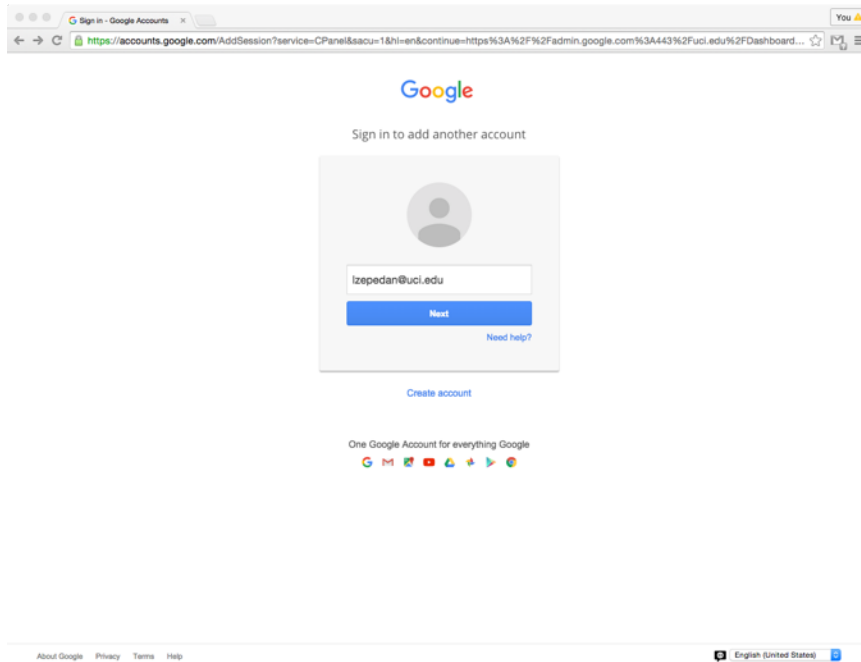

Authenticate and follow the instructions,

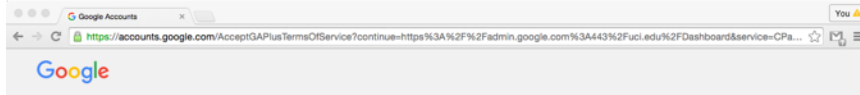

Your account is already created; after setting up your password you should see this page

click on Login into UCI Google Apps

Authenticate

Welcome to your new account

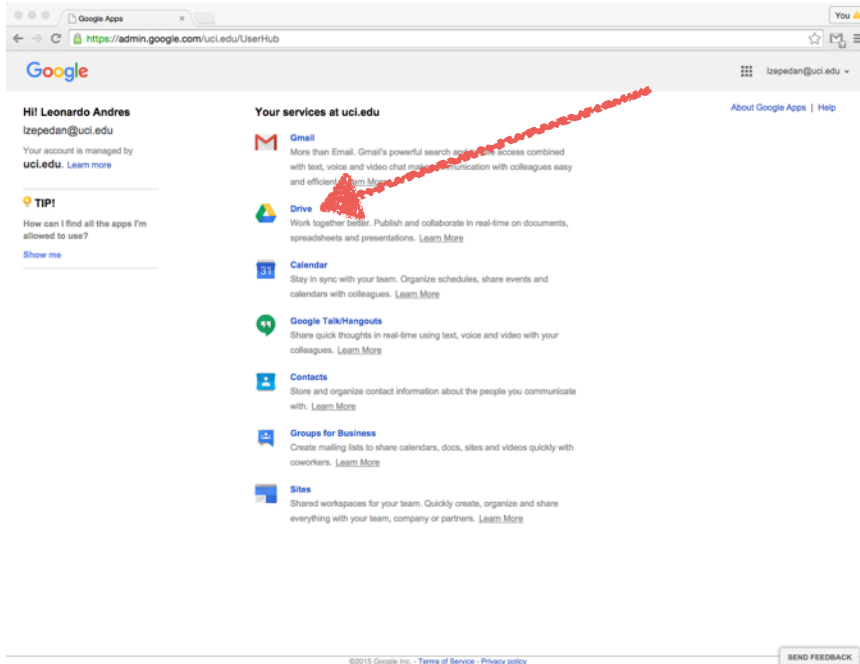

Welcome to your new account: lzepedan@uci.edu. Your account is compatible with many Google services, but your uci.edu administrator decides which services you may access using your account. For tips about using your new account, visit the [Google Help Center](#).

When you use Google services, your domain administrator will have access to your lzepedan@uci.edu account information, including any data you store with this account in Google services. You can learn more here, or by consulting your organization's privacy policy, if one exists. You can choose to maintain a separate account for your personal use of any Google services, including email. If you have multiple Google accounts, you can manage which account you use with Google services and switch between them whenever you choose. Your username and profile picture can help you ensure that you're using the intended account.

If your organization provides you access to the Google Apps core suite of messaging and collaboration applications, your use of those services is governed by your organization's Google Apps agreement. Any other Google services your administrator enables ("Additional Services") are available to you under the [Google Terms of Service](#) and the [Google Privacy Policy](#). Certain Additional Services may also have service-specific terms. Your use of any services your administrator allows you to access constitutes acceptance of applicable service-specific terms.

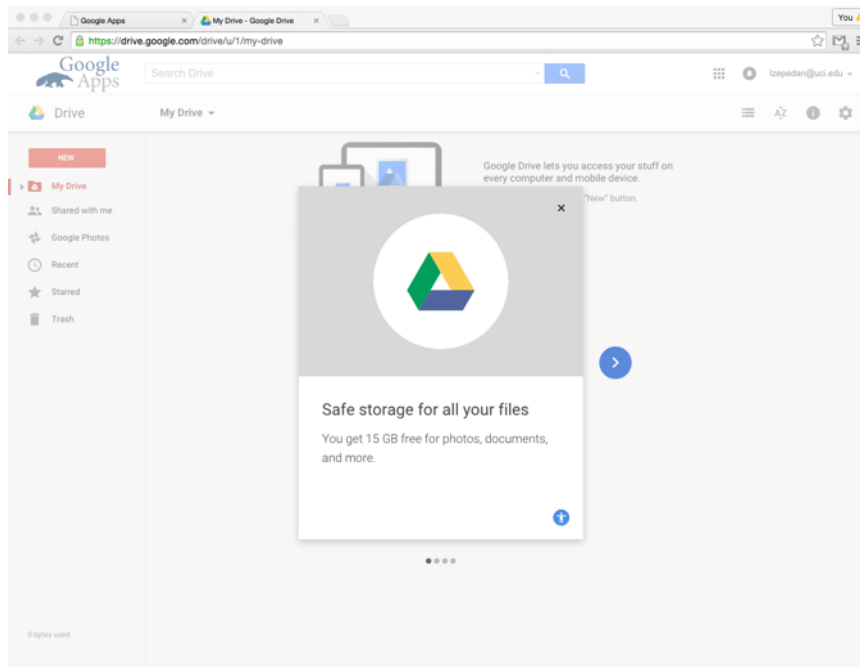

Click "Accept" below to indicate that you understand this description of how your lzepedan@uci.edu account works and agree to the [Google Terms of Service](#) and the [Google Privacy Policy](#).

accept the conditions (unless you have something against them)

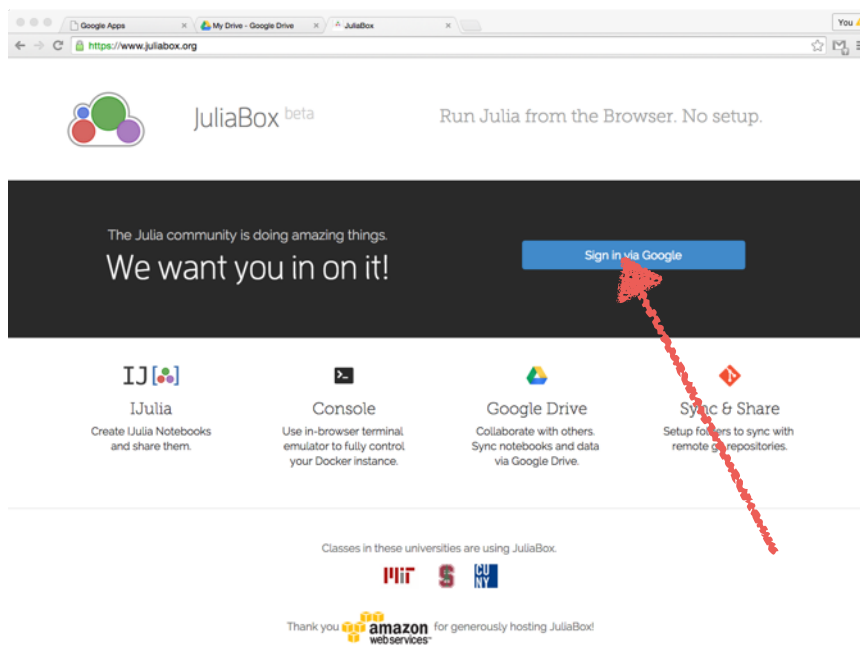

Now you need to set up your Google Drive, any progress done in class will be stored in you Google Drive. Click on Drive,

set your Google drive and accept the terms and conditions.

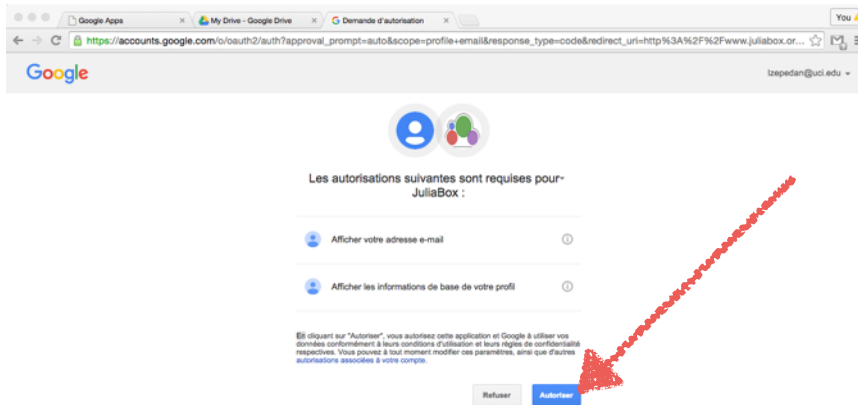

Now go to <https://www.juliabox.org/>

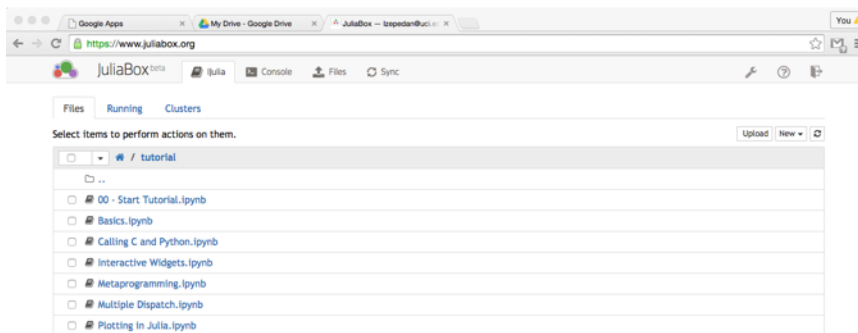

click Sign in via Google

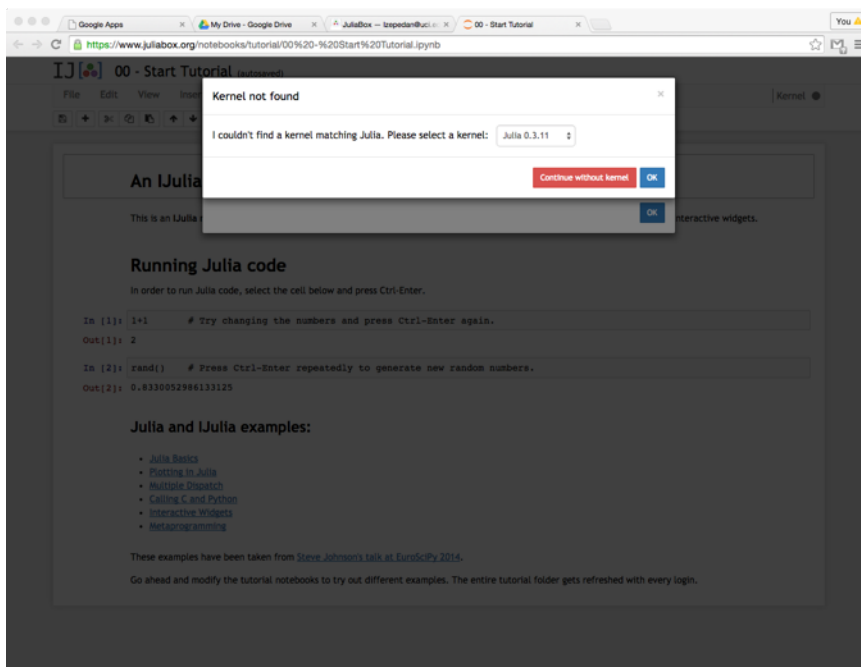

put your ici login and you password, the first time JuliaBox will ask to have access to your google drive and some information. Click accept.

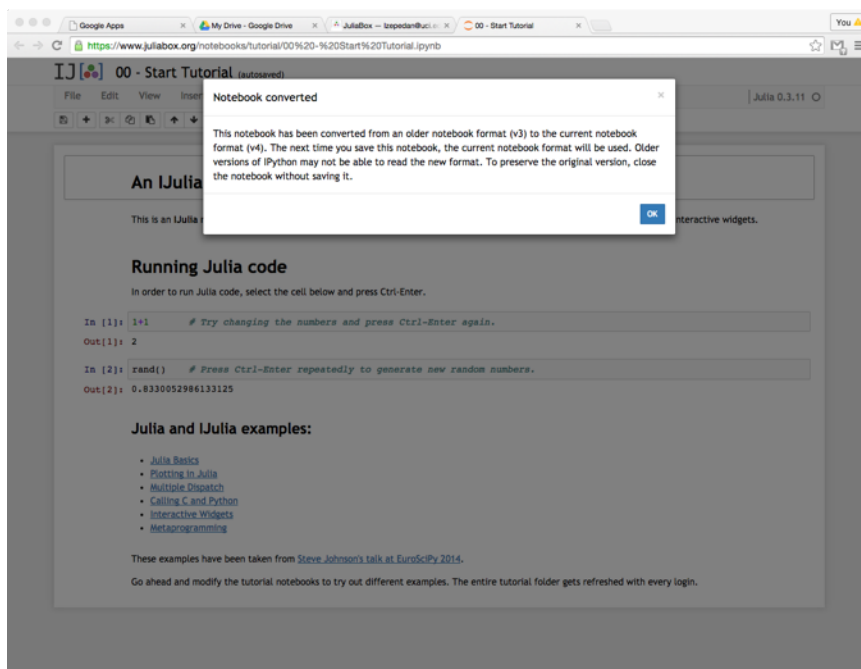

Julia Box will look like this. Now you can start exploring the python notebooks by yourself, double click one of the notebooks

se sure to have the julia 0.3.11 kernel and click OK

Click OK again

And start exploring the notebooks !!!
