## Folk Customs

### Flower Market on the Eve of Spring Festival

Held on the eve of Spring Festival, the flower market is a unique folk celebration in Guangzhou. The flower market originated in the Qing Dynasty.

### Dragon Boat Festival

A huge traditional dragon boat competition is held every year on the 5th day of the 5th month on the Chinese lunar calendar. Rowers from all parts of the country gather on the banks of the Pearl River.

### Joy Festival

This is a grand folk celebration held in the Dongfang Amusement Park at the end of every year. The celebration includes Linnan folk art performances, song and dance from all parts of the country, acrobatics and Kongfu. There are also snack stands offering local delicacies, folk handicraft demonstrations and sales of famous local products.

TO: Participants of the Guangzhou International Symposium on  
Computational Mathematics  
FROM: The Organizing Committee

Dear Professor A. Edelman:

On behalf of the Organizing Committee of the Guangzhou International Symposium on Computational Mathematics, we have the pleasure of inviting you to attend the symposium.

We will arrange your talk and your accommodation according to your plan mentioned in your registration form, and will let you know the conference program soon.

If you have reserved a hotel room through us, please send a deposit of US\$100 to insure the preference conference rate. A personal check is acceptable. Please make the check payable to Xiaoyun Wen and mail to the following address no later than July 10, 1997:

Ms. Xiaoyun Wen

Dear Professor Edleman:

The letter is to confirm your acceptance of our invitation to give an invited lecture at the Guangzhou International Symposium on Computational Mathematics which will be held August 11-15, 1997, at Zhongshan University, in the People's Republic of China.

We have enclosed the first announcement of the conference and a list of people who have agreed to present an invited lecture. We will keep you informed of our progress in the organization of the meeting.

In the meantime, should you have any questions regarding the conference, please feel free to contact either one of us at [cam@watson.ibm.com](mailto:cam@watson.ibm.com) or [xu@plains.nodak.edu](mailto:xu@plains.nodak.edu). We look forward to your participation in the conference and seeing you in **Guangzhou** next year.

On behalf of the organizing committee we wish to thank you again for your support.

Sincerely yours,

# Guangzhou International Symposium on Computational Mathematics

August 11 - 15, 1997

Zhongshan University, Guangzhou, People's Republic of China

**Scope:** The purpose of this symposium is to bring together experts in the field of computational mathematics to present state-of-the-art developments in the field, to exchange point of views and especially to encourage interaction and collaboration amongst mathematicians from the region and their international colleagues. The symposium also aims at promoting the mathematical activities in the field of computational mathematics by fostering cooperation among practitioners and theoreticians in this field.

Those who are interested in participating in the meeting should send titles and abstracts of their proposed talks by Feb. 15, 1997. A schedule of the lectures will be available by May 31, 1997.

**Topics:** approximation, optimization, wavelet analysis, numerical solutions of differential equations and integral equations, inverse and ill-posed problems, numerical linear algebra, geometric modeling, neural network approximation, signal and image processing and applications.

**Proceedings:** Referred conference proceedings will be published.

**Organizing Committee:** Yue-Sheng Li (China), Charles A. Micchelli (USA), Rizhang Hu (China), Yuesheng Xu (USA).

**Scientific Committee:** Wolfgang Dahmen (Germany), Craig C. Douglas (USA), Mariano Gasca (Spain), T. N. T. Goodman (UK), Hongci Huang (Hong Kong), Seng Luan Lee (Singapore), Alain LeMehaute (France), Ronghua Li (China), Qun Lin (China), Sebastiano Scatzu (Italy), Zhongci Shi (China), Ian H. ### 星 湖 风 光

七星岩，位于广东肇庆市近郊，距广州一百零一公里。它由七座巍然耸立的石灰岩组成，罗列成北斗七星而得名。

七星岩，水环山绕，故又名星湖。湖面宽六平方公里。湖堤蜿蜒，长达二十三公里。银湖岱峰，交相辉映。由于峰奇水秀，远在唐代已负盛名。一千多年来，历代名流学者，在这岩溶洞府中，留下大量石刻题咏，美不胜收。被誉为“岭南第一奇观。”

今日星湖，它那旖旎之风光，蔚盛之文物，以及具有现代水平的宾馆、游乐园等等，已成为国内广大群众、港澳同胞、华侨和各国友人的游览胜地。

### THE STAR LAKE RESORT

Seven-Star Crag, situated in the suburb of Zhaoqing city, Guangdong province, are 101 Kilometres From Guangzhou. It is named after the seven towering rocks which look like the Big Dipper.

The Picturesque Seven-Star Crag, girdled with lakes and mounts, are called the Star Lake. It covers an area of 6 square kilometres. There are 23 Kilometres long embankments twisting through the lakes. The interaction of the bright and colourful sceneries of its mounts and lakes makes the Star Lake more attractive than ever. It had already been widely known for its remarkable natural scenes as early as the Tang Dynasty. Since then, in the span of over a thousand years, numerous distinguished personages and scholars have been discribed on the rocky walls of the cave by tourists. It enjoys the reputation of "the No. 1 Wonder of South China", which has so many beautiful things that one simply can't take them all in.

At present, the Star Lake is renowned for its scenic spots and historical sites, hotels with modern conveniences, and amusement park, etc., which are a popular resort favoured by the masses, including foreign friends as well as our compatriots from Hong kong, Macao and the overseas Chinese.

## TICKET FOR THE SCENIC SPOT OF BADALING SECTION OF THE GREAT WALL OF CHINA

长城始建于公元前七世纪，东起山海关，西至嘉峪关，全长六千多公里。它是世界七大奇迹之一，也是从月球肉眼可以辨认的地球上两大工程中的一处，被联合国教育科学及文化组织列为世界文化遗产。

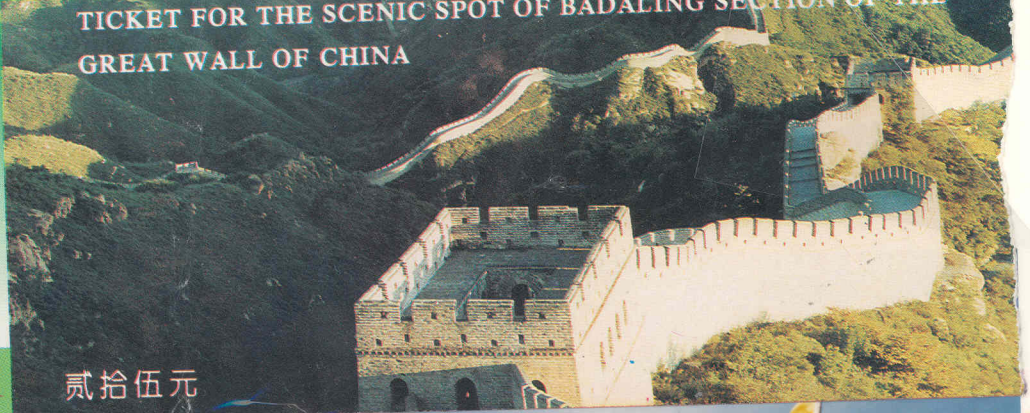

The building of the Great Wall started in Seventh Century Bc, which covers a total length of more than 6000 Kilometers, running from Shanhai Pass in the east and ending westward on the Jia Yu Pass.

It is one of the seven wonders in the world, as well as one of the only two constructions on the globe that could be detected by human eyes from the moon.

It has been cited by UNESCO as Cultural heritage.

Dear Alan

Thank you so much for your generous gift. We were so glad you were able to make our wedding + hope you had a chance to connect with some old yale folks - it was also real nice to meet Susan (as much as you "meet" someone at your own wedding 😊)

Hope all goes well in all the domains of your life - stay in touch Love, Lesure (+ Bill)
