

18.700 Linear Algebra - Fall 2006

Modifications of the grading policy

NOVEMBER 16TH, 2006

The final score (out of 1000) is computed in the following way.

(H) 300 points coming from the six best Problem Sets given as Homework

(M) 150 coming from the best Midterm exam

(F) 400 coming from the Final exam

(X) 150 coming from the maximum of $\left\{ \frac{1}{2}H, M, \frac{150}{400}F \right\}$.
