

John Conway

Princeton University

April 28 • 30 • May 2

4:30–5:30pm

Reception at 4pm

Lecture 1 Room 34-101

From Games to Numbers
and Back.

Lecture 2 Room 34-101

The Lexicode Theorem?

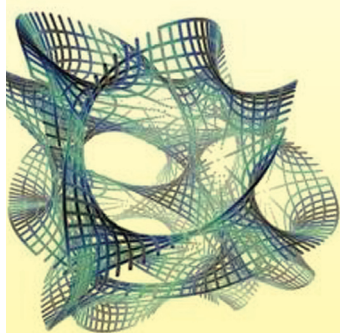

Lecture 3 Room 34-101

Nearly Universal Ternary
Quadratic Forms.

MIT DEPARTMENT OF MATHEMATICS

SIMONS LECTURES IN MATHEMATICS

2008

Lecture 1 Room 34-101

Supersymmetric Euclidean
Field Theories and
Generalized Cohomology.

Lecture 2 Room 3-270

2-Dimensional Field Theories
and Integral Modular Forms.

Lecture 3 Room 34-101

Internal Categories of
Euclidean Super Space-Times.

Peter Teichner

University of California, Berkeley

May 5 • 6 • 7

4:30–5:30pm

Reception at 4pm

Massachusetts
Institute of
Technology
