

Proposal for work in: \_\_\_ **18.099** Independent Study in Mathematics  
\_\_\_ **18.THU** Undergraduate Thesis

\*\*\*\*\*

Semester and Year: \_\_\_\_\_ Number of Units Requested: \_\_\_\_\_

Name of Student: \_\_\_\_\_

Faculty Supervisor: \_\_\_\_\_

Proposed Topic: \_\_\_\_\_

At the end of the course, unless the project is a thesis or has some other natural final report, a similar statement should be submitted describing what was done to accompany the grade submitted by Supervisor.

- Questions and form submission can be directed to Theresa Cummings [tcumming@mit.edu](mailto:tcumming@mit.edu) in Math Academic Services (Room 2-110)
- Due date: 1 week after Registration Deadline, see MIT Academic Calendar

**Statement of intent** – prepared in consultation with the faculty member who will supervise the work.  
(Continue description on back, if necessary.)

- If reading: What books? What chapters?
- If research: Describe the problem and how you propose to tackle it.
- Type of progress reports to be submitted (problem sets, weekly conferences, etc.)
- Nature of final report (paper, exam, oral evaluations, etc.)
