

PLAN OF STUDY – APPLIED MATHEMATICS

The degree candidate, in consultation with a faculty advisor, submits a tentative Plan of Study at the end of his/her first semester in the program and a final version of the Plan of Study by the end of his/her first year of study for approval by the Applied Mathematics Committee. In addition to a listing of subjects related to the major field, the plan must include sufficient courses to assure familiarity with the basic concepts of Applied Mathematics.

Student: _____ Date submitted: _____
