

MIT PRIMES

**Program for Research In Mathematics,
Engineering, and Science**

for high school students from greater Boston

PRIMES student Ravi Jagadeesan at the PRIMES conference, MIT, May 2013

- work with MIT researchers for one year on exciting unsolved problems
- do research in math, computer science, or computational biology
- study advanced math in a reading group
- meet other students who love mathematics and computer science
- learn cool math and new programming languages
- use computers to do research
- write a research paper and give a conference talk
- submit your project to science competitions

Admissions open September 16; application deadline December 1, 2013
